About Us

ADMA Heavy & Light Equipment Rental L.L.C. is a Dubai-based company established in October 2021, providing concrete transportation, pumping and ready-mix concrete supply services across the UAE. We work with main contractors, subcontractors and ready-mix concrete producers, helping projects stay on schedule through reliable equipment and dependable service.

We understand the demands of the construction industry and focus on delivering practical solutions that meet each project's requirements. Whether it's a residential building, commercial development or large infrastructure project, we aim to provide safe, efficient and cost-effective concrete logistics every time.

Mission & Vision

MISSION

Our mission is to support the construction industry by delivering dependable concrete transportation and pumping services with a strong focus on safety, quality, and timely execution. We aim to build lasting relationships by providing consistent service, fair pricing and solutions our clients can rely on.

VISION

Our vision is to become one of the UAE's most trusted names in concrete transportation and pumping services. We strive to grow through reliable performance, continuous improvement, and long-term partnerships while maintaining the highest standards in everything we do.

Our Clients

We proudly serve a wide range of clients across the construction sector, including:

- Main Contractors
- Subcontractors
- Ready-Mix Concrete Suppliers
- Concrete Batching Plants
- Residential Developers
- Commercial Developers
- Industrial Projects
- Infrastructure Contractors

We understand that every project is different, which is why we provide flexible solutions that match each client's specific requirements.

What We Do

SCOPE OF WORK

Our scope of work covers complete concrete logistics solutions from the batching plant to the construction site. We provide transportation, pumping and ready-mix supply services that help ensure concrete is delivered safely, efficiently and on time.

We support projects of all sizes, including residential buildings, commercial developments, industrial facilities, roads, bridges and other infrastructure works throughout the UAE.

OUR SERVICES

We offer complete concrete handling solutions designed to support every stage of your construction project.

- Concrete transportation using 10 CBM Concrete Mixer Trucks
- Concrete pumping using 56-meter Boom Pumps
- Ready-mix concrete supply
- Transportation-only services
- Concrete pumping services
- Complete supply, transportation, and pumping packages
- Equipment rental on hourly or project basis
- Concrete logistics planning and site support

Our Fleet

Our modern fleet is maintained to ensure reliable performance, safety and maximum efficiency on every project.

Current Fleet

- 10 × Concrete Mixer Trucks (10 CBM Capacity)
- 2 × 56-Meter Boom Concrete Pumps

Our equipment is regularly inspected and maintained to minimize downtime and ensure uninterrupted operations, allowing us to deliver concrete safely and efficiently across projects of all sizes.
